Shanghai, China

Quotes from the 2017 Student Feedback Survey.

"Mrs Blah is a very caring teacher that has shown great patience and which I'm thankful for. She is always willing to help which is something I value greatly."

"I think Mrs. Blah is an amazing teacher and she is full of passion within the field of Biology, which encourages me and several other students to build upon that passion with Biology and many other subjects."

"Mrs. Blah is really understanding and flexible with our circumstances. Her lessons always correlate with the homework she gives out to us and are interactive, which enhances our absorption of ideas. Although I don't really like Science in general, I think this class may be an exception, because she always tries hard to make the class entertaining and moving."

Profile

A passionate Science educator with 14 years of experience including 12 years overseas. A collaborative team leader, who is continuously growing and striving to understand the latest best practices in the field of Science education through an international context. Early adopter of the Next Generation Science Standards and excited to assist in the successful implementation of these standards in international school settings.

Professional Development

Surveying the Geological Wonders of Iceland with the National Earth Science Teachers Association

Reykjavik, Iceland, July 2017

Professional Learning Communities Solution Tree Conference

Shanghai, China, Sept. 2016

EARCOS Teachers Conference

Bangkok, Thailand, April 2014

National Science Teachers Association Conference

Long Beach, California, Dec. 2014

EARCOS Teachers Conference

Bangkok, Thailand, April

2012

American Education Reaches Out (AERO) Science Standards

Washington, D.C., June 2012

Critical Friends Group Facilitator Training

London, England, June 2012

EARCOS Teachers Conference

Kota Kinabalu, Malaysia, April 2011

EARCOS Teachers Conference

Manila, Philippines, April

2006

Collaborative Highlights

- High School Science **Department Head**, 2107-present
- Jinqiao Mini **Maker Faire Coordinator**, 2013-present
- NGSS Science **Curriculum Review Coordinator**, 2012-2016
- Big Ideas Science Week **Planning Team**, 2014
- MS STEM Day **Coordinator**, 2014
- Strategic Core **Planning Team Member**, Shanghai American School, 2011-2012
- MS Science **Department Head**, 2011-2013
- Led seven student **service trips** throughout rural China from 2011-2017
- Urban Gardening** Exploration Class with Visual Arts Teacher, 2016-2017
- Applied Human Anatomy & Physiology** course with Athletic Trainer utilizing Athletic Therapy Clinic, 2016-2017
- Global Development and Public Health** course with Math Teacher 2015-2016
- Campus Wide Facilitator** for Math Task Force, Professional Learning Communities, Science Vertical Articulation Meetings and Standards Based Reporting Committees, 2010-2017
- National Science Teachers Association (**NSTA**), National Earth Science Teachers Association (**NESTA**), National Association of Biology Teachers (**NABT**) Member, 2006-present
